the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999). The prevalence of mental health problems has increased in the general population, and the incidence of mental health problems has increased in the prison population.

There is a growing awareness of the need to address the mental health needs of prisoners. The Department of Health (2000) has published a strategy for mental health services, which includes a commitment to improve the mental health of prisoners. the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 12.5 million, and the number of people aged 75 and over from 4.5 million to 6.5 million (Office of National Statistics 2000).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out a vision for the future of older people's services. Andrean is more than just a school building.

It is a place
 where boys and girls become men and women,
 where they can learn to live,
 where they can be themselves,
 where they can make new friends.

It is a place
 where they can help others,
 where they can exchange ideas,
 where they can reveal their hopes and goals,
 where they can broaden their outlook.

It is a place
 where they can feel at home,
 where they can laugh and joke,
 where they can love one another,
 where they can be with God.

Andrean is people, it is YOU!

It Is Meeting Others

A try at American baking.

A quiet moment at home.

Since August 22, Monica Parolini has been staying with Mr. and Mrs. Joseph L. Sorensen, her host parents in Gary. Monica, a native of Rome, Italy, is a member of the Junior Class and she participates in many of Andreen's activities. She enjoys clubs, dances, and football and basketball games.

Monica is successfully overcoming the language difficulty. Although she studied English for four years in Rome, the real test of her ability came when she was forced to speak English exclusively. However, Monica found it not "so hard" to understand and speak English here since, as she put it, "Almost all the Italians speak another language."

Monica feels "happy about everything" concerning her American stay. She is going back to Rome at the end of June, but she would like to return and work for the airlines. "Maybe I'll come back ..." she dreams. We hope you do, Monica!

Seniors Accept Their Challenge With Determination

CLASS OFFICERS: Niki Krisko, Secretary; Gerry Yelusich, President; Bill Yudi, Treasurer; Anna Alvarez, Vice-President.

My Dear Seniors,

You have come to the end of your stay at Andrean High School. A phase of your life is complete. An important part of life's pilgrimage has been traveled. You have journeyed along this part of the way with many others. Some you have noticed in passing; of others you have hardly been aware. But some have had a profound influence on you ... fellow students and teachers. The full impact of this influence may not come for many years, but it is real nevertheless.

Now you will leave Andrean. You will move along in your pilgrimage with new travelers. We hope that your destination will remain constant and that we at Andrean have helped in some way to move you closer to that journey's end.

Our prayers will always be that you realize that Christ makes this pilgrimage with you ... in you and in others. Without His presence in your lives, the pilgrimage will be aimless and without meaning or purpose. "And this is the testimony, that God has given us eternal life; and this life is in His Son. He who has the Son has the life. He who has not the Son has not the life." (1 John 5:11-12)

And so as you move on, we call out the farewell common among Spanish-speaking peoples ... "May God go with you!"

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 13.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office for National Statistics 2000). The number of people aged 65 and over is projected to increase to 16.5 million by 2020, and the number of people aged 75 and over to 8.5 million (Office for National Statistics 2000).

There is a growing awareness of the need to develop services to meet the needs of older people, and a number of initiatives have been launched to address this need. The Department of Health has launched the 'Ageing Well' initiative, which aims to improve the lives of older people by providing them with the services and support they need to live independently and actively. The initiative includes a range of services, including home care, day care, and residential care.

The 'Ageing Well' initiative is part of a wider strategy to improve the lives of older people, which includes a range of other initiatives, such as the 'Ageing Well' initiative, the 'Ageing Well' initiative, and the 'Ageing Well' initiative.
